

## SDG 12.2.7 Policy extended to outsourced services and supply chain

[SDG12.2.7] Disposable policy: extensions to services

Year: in place by 2022

Ensuring these policies extend to outsourced services and the supply chain

### Item 1. Extending disposable policies to suppliers by evaluating their quality

All suppliers of YunTech must abide by the waste disposal policies established by the university and the government. When a supplier bids, the school will review the supplier's environmental management performance.

#### Supplier evaluation standards

No.	Item	Content	Weight
1	Supplier profile and business performance	<ol style="list-style-type: none"> <li>1. Brief introduction of the manufacturer (including the person in charge, the educational background and experience of the manager who actually implemented the plan, the amount of capital, the image of the company (line number), goodwill and financial status).</li> <li>2. Business experience (mainly colleges and universities, can attach a copy of the contract, brief introduction and photos).</li> </ol>	15
2	Operation management	<ol style="list-style-type: none"> <li>1. Operation management plan (operation schedule planning, business projects, business manpower allocation and management).</li> <li>2. Environmental management (internal and external environmental management, garbage disposal, etc.).</li> <li>3. Customer service quality and policies.</li> </ol>	25
3	Space planning and investment costs	<ol style="list-style-type: none"> <li>1. Site and space planning (including greening, circulation planning, and decoration design).</li> <li>2. Invest in equipment projects and their configuration.</li> <li>3. Analysis of investment funds in this case.</li> <li>4. Site rental planning.</li> </ol>	35
4	Feature planning or feedback	<ol style="list-style-type: none"> <li>1. A planning concept that combines the characteristics of the school and the local area.</li> <li>2. Other promotions or rewards programs.</li> </ol>	15
5	Briefing Questions and Answers	<ol style="list-style-type: none"> <li>1. Be well prepared and content.</li> <li>2. Answers clearly and clearly.</li> </ol>	10

### Item 2. Extending disposable policies to suppliers by procurement contract

All suppliers of YunTech must abide by the waste disposal policies established by the university and the government. When suppliers get a bid, we will require them to allocate funds to properly dispose of waste, abiding by the waste disposal policies established by the university and the government.

## Example of disposable policy extending to suppliers

**1. Outsourced service:** Waterproofing and renovation works: the first and third halls of Design College, the first hall of Engineering College, and swimming pool

Budget for employ legal firms to carry out waste removal and transportation (including bagging, transportation, disposal, and disposal)
