Yunxu Pavilion (雲旭樓) is a designated historical site in Yunlin County. It was originally built as a school building for Yunlin Junior High School and follows the architectural standards of the nine-year compulsory education school buildings. Its construction bears witness to the significant role of nine-year compulsory education in the Douliu area. After Yunlin Junior High School relocated, the county government entrusted this building to YunTech, where it is managed by the Cultural Heritage Preservation Department for educational purposes related to cultural heritage. It also serves as a community college education center and a venue for exhibitions. It is open to the public for free visits.

簡介：民國57年「九年義務教育」正式施行之首年，雲林國中為當時雲林縣新設7處國民中學之一，並設置於縣治首善區斗六，其歷史象徵意義極具指標性。民國77年因應雲林縣爭取設立「雲林技術學院」，迫使雲林國中學校遷移，目前位於「雲林科技大學」裡的「雲旭樓及蔣公椰林廣場」是民國57年雲林國中創校時期之遺存。

建築特徵：民國55年省教育廳公佈由成大王濟昌教授設計之「教室設計標準圖」，作為民國57年實施九年國民教育的標準校舍建築圖，而雲旭樓正是民國57年時依照王濟昌教授之標準圖興建，當時標準圖之典型象徵便是摺板式屋頂形式，且標準圖中以三層樓建築興建數量最少，而雲旭樓便是具有標準摺板式屋頂之三層樓校舍建築，具備珍貴稀少性與建築重要意義等價值，且歷經41年歲月考驗(包含921大地震)至今安然健在，是9年國民義務教育及依標準圖興建之校舍典範，更是王濟昌教授的經典作品。

The preservation case of Yunxu Pavilion is of high reference value, because more specific indicators should be developed for buildings, settlements, ruins, and cultural landscapes with historical, cultural, artistic, scientific and other values. YunTech allows the public free access to the Yunxu Pavilion as for other YunTech campus.

The local government handed over this building to YunTech in 2022. In response to the National Heritage Day in 2023, YunTech organized a series of events for “2023 Yunxu Pavilion Heritage Day”, including student achievement exhibitions, workshops, heritage tours, lectures, heritage forums and banquets, etc., which kicked off the revitalization of the Yunxu Pavilion.

YunTech also hopes to respond to global sustainable development issues. It is expected to combine the interdisciplinary expertise within and outside YunTech to jointly use the Yunxu Pavilion as a venue for social practice to promote cultural asset education. YunTech will more actively cultivate the revitalization and educational promotion of cultural assets in Yunlin, and work closely with the community to continue conducting cultural asset research, education and industry-academia work, exerting voice and influence in the field of cultural assets.

The series of events kicked off the revitalization of the Yunxu Pavilion in a lively manner.

The lead type printing objects from the “Jinshan Printing House” in Douliu, Yunlin are on display at the Yunxu Pavilion, a county-designated historic site.
